

SACHIN KUMAR

Full Stack Developer | React.js | Node.js | Express.js | Firebase | SQL | REST APIs

☎ +91-7310232617 ✉ sachinofficial7310@gmail.com [LinkedIn](#) [GitHub](#)

Professional Summary

Aspiring Full Stack Developer with experience in React.js, JavaScript, Node.js, Express.js, MongoDB, Firebase, SQL, REST APIs, and Data Structures & Algorithms. Developed full-stack web applications involving authentication, CRUD operations, database integration, responsive UI development, and API integration. Solved 250+ LeetCode problems and actively contribute to technical projects through IEEE and internship experience.

Technical Skills

Languages: JavaScript (ES6+), Java, Python, C

Frontend: React.js, HTML5, CSS3, Responsive Web Design, React Hooks, React Router, Zod, Bootstrap, Tailwind CSS

Backend: Node.js, Express.js, REST APIs, API Integration, Authentication, JWT, CRUD Operations

Databases: MongoDB, Firebase, SQL, Firestore

Tools: Git, GitHub, VS Code, Postman, Version Control

Concepts: Data Structures and Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks, Software Engineering, Authentication, Authorization, CRUD Operations, API Development, Form Validation, Responsive Design

Experience

Frontend Developer Intern

Jan 2026 – Present

ZeTheta

Remote

- Developed a production-level Loan Application Platform using React.js, JavaScript, React Hook Form, and Zod.
- Implemented form validation, conditional workflows, PAN verification, Aadhaar verification, document uploads, and EMI calculation modules.
- Built reusable React components, responsive user interfaces, and optimized application performance for enhanced user experience.
- Collaborated in an Agile development environment while following software development lifecycle (SDLC) practices.

Projects

LeetCode Progress Tracker | React.js, JavaScript, Node.js, Express.js, MongoDB

2026

- Developed a full-stack web application using React.js, Node.js, Express.js, and MongoDB to manage coding practice records.
- Designed and implemented RESTful APIs for CRUD operations, enabling efficient creation, retrieval, updating, and deletion of problem records.
- Integrated MongoDB database for persistent storage of problem details, notes, topics, difficulty levels, and solving history.
- Implemented client-server communication using API integration and asynchronous data handling techniques.
- Built a responsive and user-friendly dashboard using React.js with component-based architecture and state management.

Multi-Step Loan Application Platform | React.js, JavaScript, React Hook Form, Zod

2026

- Developed a complete 8-step loan application platform with dynamic validation and conditional workflows.
- Implemented PAN verification, Aadhaar verification, document uploads, EMI calculations, and loan eligibility checks.
- Built reusable form components, progress tracking, responsive layouts, and accessibility-focused interfaces.
- Integrated auto-save functionality, cross-step validation, and secure form handling for enhanced user experience.
- Applied form validation, state management, reusable component architecture, and responsive design principles to improve usability and maintainability.

GalleryFlow – Photo Uploading Website | HTML, CSS, JavaScript, Firebase

2025

- Developed a responsive photo-sharing platform using HTML, CSS, JavaScript, and Firebase.
- Integrated Firebase Authentication for secure user registration and login functionality.
- Implemented image uploads and cloud storage using Firebase Storage with real-time image rendering.
- Built responsive UI components and optimized frontend performance across multiple devices.

Achievements

- Solved **250+ Data Structures and Algorithms (DSA)** problems on LeetCode using Java, covering Arrays, Strings, Linked Lists, Trees, Graphs, Dynamic Programming, and Recursion.
- Earned the **LeetCode 50 Days Badge** by maintaining consistent daily coding practice and problem-solving streaks.
- Active **IEEE Student Member**, participating in technical events, workshops, collaborative projects, and professional development activities.
- Organized a college **Hackathon** as a core team member, coordinating event planning, participant management, and technical activities.

Education

B.Tech – Computer Science & Data Science

Ambalika Institute of Management and Technology

2023 – 2027

CGPA: 7.88 / 10
